Te Araroa's start point in the South Island is Ship Cove at the Queen Charlotte Track's northern terminus. Te Araroa follows this track for 3-5 days (75km) and ends near the Outward Bound School at Anakiwa.

Most people get to Ship Cove by boat. Several companies operate regular shuttle runs between Picton and various points along the track, including both trailheads. Some operators will transport packs forward each morning to the days-end destination so trampers can walk unencumbered.

It is possible to fly from Wellington to Picton or Port Gore, with a shuttle from Port Gore over the hill to Ship Cove. See 'Getting there' for details.

The entire track is a medium tramping standard. It contains long forested sections with a mix of coastal and ridgeline walking and affords gorgeous views of both Queen Charlotte and Kenepuru Sounds.

There has been a lot of tourism-oriented development along the Queen Charlotte Track and trampers can tailor their tramping to suit. The accommodation available ranges from up-market lodges to campsites, six of these managed by DOC and one, at Mistletoe Bay, by a private trust. If you want to spend the money, there's restaurant food available en route.

The [Department of Conservation brochure](#) [↗](#) available through the link on this page contains more information about walking the track, including details about transport, food and accommodation options, flora, fauna, and an historical account.

A four day tramp on the Queen Charlotte Track might follow this timetable but there's plenty of scope for variation:

- **Ship Cove to the head of Endeavour Inlet - 17km / 5hr**
- **Head of Endeavour Inlet to Bay of Many Coves Campsite - 19km / 6hr**
- **Bay of Many Coves Campsite to Torea Saddle - 15km / 6hr**
- **Torea Saddle to Anakiwa - 20km / 8hr**

The walking time estimates are from the Department of Conservation. Some will find them generous but they're consistent throughout the country so if a trumper is able to walk one section in 4/5th of DOC's walking time estimate, for example, then they're likely to be able to do the same in other sections.

Ship Cove

View the historic site and interpretation panels. The walking begins with a 240m climb to a saddle and lookout before descending to Resolution Bay and Schoolhouse Bay campsite

Resolution Bay

The Resolution Bay Cabins are further along (03 579 9411). The well-graded trail undulates as it leads from Resolution Bay around into Endeavour Inlet passing numerous accommodation businesses along the way.

Beyond the Camp Bay junction the track climbs towards Kenepuru Saddle.

Kenepuru Saddle

The track from the Saddle has some steeper and ridgeline sections. Trampers need their Queen Charlotte Track Land Cooperative (Q.C.T.L.C) pass from here to cross private property track sections.

The Queen Charlotte Track ends here in Anakiwa.

Conditions

Queen Charlotte Track Land Cooperative Pass (\$50 for 5 days) – Private Land

A Queen Charlotte Track Land Cooperative (QCTLC) Pass is required for all QCTLC Land between Kenepuru Saddle, Torea Saddle, Te Mahia Saddle and Anakiwa, whether walking or biking the Queen Charlotte Track.

The QCTLC Pass fee contributes to the sustainability of the track and assists with maintenance, enhancements and access. Please respect the owners' property and do not take vehicles, firearms or dogs on the track. The sections of track on these properties only exist through the goodwill and cooperation of the landowners.

Passes can be purchased on the [QCTLC website](#) and at the Picton I-Site, Blenheim I-site, Nelson DoC, DoC Wellington and Picton water taxis as well as selected accommodation (Furieux Lodge, Endeavour Inlet) and various business near the track (Paper Plus, Picton).

Trail Pass

The Te Araroa Trail Pass covers the use of DOC campsites along Queen Charlotte Track. More details in the Accommodation section

Jetties

Many jetties in the Sounds, such as the Outward Bound New Zealand one at Anakiwa, are privately owned. Boat owners can use them for picking up and dropping off passengers and luggage only.

The campsites at Bay of Many Coves and Black Rock are not at sea level so these are excluded from the water taxi luggage shuttles - you will need to carry everything you need if you choose to stay at these sites.

The six DOC-managed, 'self-registration' campsites on the track each have toilets and water supply. Some also have cooking shelters and picnic tables. Remember there are no rubbish facilities. Please take your rubbish with you when you leave.

DOC Camp Site Fees

[Update October 2023](#) DOC have implemented a booking system for the campgrounds, this means you can book and pay online before your trip. Alternatively visit the i-SITE in Picton to buy campground tickets.

If you have not booked and paid online you will need to deposit the camp fees (\$10 per night, per adult) for the DOC campsites in the self-registration box at each site or prepay at the Picton i-SITE or the DOC Office in Picton. These fees go toward the upkeep of the camp facilities. Note: The Department of Conservation Backcountry Hut Pass is not valid at Department of Conservation campsites.

The Trail Pass is valid for DOC campsites as listed above

A number of private accommodation providers offer hostel, cabin, motel and hotel lodgings, and tent sites alongside or close to the track. Some private accommodation sites may not be signposted, so make sure you get clear directions when you book.
